# 10/20 Anniversary Project

- Logo for 10/20 Project
  - Dedicated 10/20 Anniversary Swag
  - TDF/LibreOffice at FOSS Conferences
- Fundraising for 10th Anniversary Project
- Book about History of LibreOffice
  
- July 19, 2020: Free Office Suite @ 20
- September 28, 2020: LibreOffice @ 10

# Logo for 10/20 Project

- Community Contest
  - Based on the 10/20 briefing document
- Announced after the Conference
  - Deadline for proposals will be November 30
  - Decision will be taken by TDF Core Team
  - No discussion will be accepted

# Fundraising for 10th Anniversary Project

- Develop a specific fundraising message
  - Example (thanks to Mike): 10x10, give 10 for 10
- Create specific fundraising related stickers
- Blog posts about 10 year contributions
- Interview people connected to the history
- First batch of people after LibOCon Almeria

# TDF/LibreOffice at FOSS Conferences

- We have a list of FOSS conferences
- In addition, reach out through team/board/MC/AB
- Will send a message to organizers in late September
- Objective: a keynote/presentation about 10/20
- When possible, we should have a LibreOffice update

# Dedicated 10/20 Anniversary Swag

- Special limited edition swag including a donation
- 100 (10x10) hoodies, polos and t-shirts at 50, 40 and 30 euro
- Ask FANS in Indonesia how much a pair of shoes could cost
- Think about useful stuff like screen cleaning cloth, mouse, power bank, USB stick, etc.

# July 19, 2020: Celebration in Turkey

- July 19, 2000, Sun released the announcement about OOo
- The idea is to organize a celebration and to spread the news using media and social media
  - 20 years after the office suite was available as FOSS software

# September 28, 2020: Celebration

- Organize a dedicated event on the very day
- Stakeholders
  - FOSS projects, Linux distributions, AB members, ecosystem companies
- Contents
  - Present the book, offer a vision for the next 10 years

# Book about History of LibreOffice

- Based on websites, blogs and documents
- Interviews to key people from StarOffice and OOo projects
- The idea is to use as much as possible existing docs and write only the connecting bits
